YOUR VERY OWN ONLINE
FOOD ORDERING BRANDED APP

Ordery
ORDER & PAY

LIMITED OFFER!!!

Ordery can create an iPhone and Android app with your own branding at a hugely discounted rate!

• Includes one year's free access to Ordery's Order at Table, Home Delivery and Click and Collect platforms.

• Customers can download your app directly from the App Store, then order food or drinks to their table, at home or via Click and Collect.

• Customers can view order history for quick and easy future orders.

YOUR OWN BRAND COULD BE HERE!
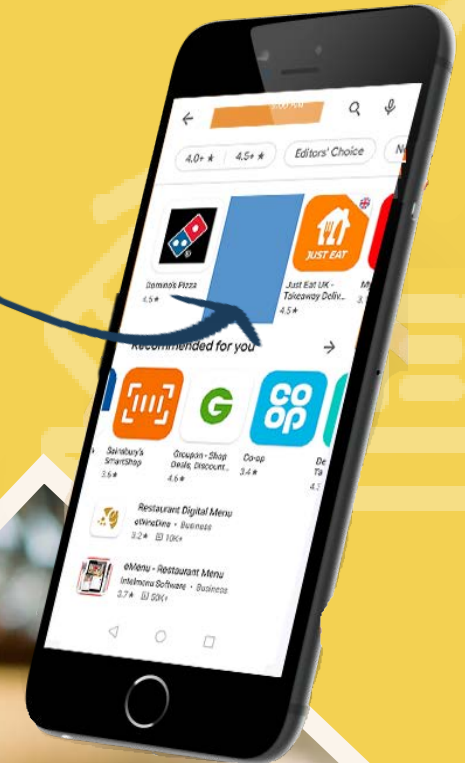

BENEFITS OF A BRANDED APP

- Impress customers with your own app on the App Store.

- Automatic printing of received orders to your chosen printer.

- Orders made via your app will appear in your vendor dashboard.

- Grow your own Home Delivery or Click and Collect programme.

- Financial reporting for VAT analysis and trends.

- Dish reporting for inventory analysis and trends.

- Customers can view historic orders and save card details for future purchases.

- Easily switch to Home Delivery or Click and Collect in case of a change to COVID-19 circumstances.

- Data on customers helps develop special offers.

- "Push" messages to all of your customers to increase revenue.

Your own branded app for ~~£2000~~

# GREAT SAVINGS AGAINST
COMPETITOR APPS

This online food ordering app will develop and grow your own Order at Table, Home Delivery and Click and Collect services.
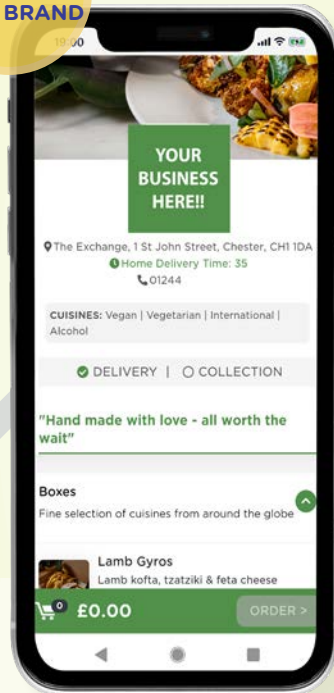

What is more, our software could save you thousands of pounds compared to many like-for-like platforms, as illustrated in the table below.

| Orders Per Week	Average Order Value	Saving Per Month	Saving Per Year
100	25	£1405	£16860
200	25	£2810	£33720
300	25	£4215	£50580
